The inspiration for this holiday was the peaking public interest in the celebration of five billion day', in 1987. World population day serves to highlight the growing problem that come with a growing global population and aims to increase people's awareness on various population issues such as the importance of family planning, gender equality, poverty, maternal health and human rights. The theme for world population day 2022 is **“A world of 8 billion; towards a resilient future for all- harnessing opportunities and ensuring rights and choices for all”** significance is there are around 8 billion individuals living on earth however not every one of them is getting rights and opportunities. It the great day for students to come out their seats and do something for provide awareness on world population day. Students have arranged the programme on this day.

They have conducted various activities like poster presentation, phrases related to population and impact of population on individuals, family and communities, also conducted the skit on awareness regarding over population and its impact on society. Also they give health teaching on importance of family planning, gender equality, poverty, maternal health.
